Home Disinfection Services Free for Over 120 Solitary Elderly Households

(Hong Kong — 8 June 2020) – K. Wah International Holdings Limited (“KWIH” or “the Group”) (stock code: 00173) has worked with World Green Organisation to arrange free professional sanitisation services for more than 120 solitary elderly households in Wong Tai Sin, Tsuen Wan and So Uk Estate. Dedicated to encourage positivity in the community, KWIH Voluntary Team prepared self-made hand sanitisers under professional guidance and packed preventive kits for the elderly. KWIH volunteers also promoted home preventive measures against communicable diseases during the visits, hoping to deliver timely support to the elderly.

The sanitisation services have adopted natural disinfectant with antibacterial, antiviral, and pest repellent effects, which is proven to be safe and harmless to people, homes and environment. While the solitary elderly may experience difficulty in cleaning their homes, KWIH has taken the initiative to alleviate their plight by offering disinfection services.

KWIH has been actively fulfilling its corporate social responsibility adhering to its motto of "giving back to society". Through the “KWIH Anti-Epidemic Fund”, KWIH has been supporting various anti-epidemic works in both Mainland China and Hong Kong, including contributions to Tung Wah Group of Hospitals for establishing the surgical mask production

factory, donations to support the prevention and control of the epidemic outbreak in Hong Kong, Guangdong Province and Shanghai, etc.; providing rent concessions to its tenants in Hong Kong and Mainland China; strengthening the epidemic prevention measures of the Group's offices in both Hong Kong and Mainland China, including the enhancing of disinfection, and distribution of epidemic prevention and protection supplies such as masks and disinfectants to colleagues. KWIH will continue to unite all members within the KWIH family for ongoing support to citizens in need.
